

Listen to What Advertisers Have to Say About The Talking Phone Book®!

"We have been very pleased with the response from The Talking Phone Book. When the book was distributed we started getting a steady and consistent flow of calls."

*Paul & Kim Lanni
Auto Haus of Meredith, LLC*

"The Talking Phone Book is a book that I see being used by the community. I made calls and asked my associates and local businesses what phone book they have and the majority of them told me they were using The Talking Phone Book. The distribution area is great and covers twice the area of Verizon."

*Michelle E. Melius
M. J. Higgins Plumbing and Heating*

"I have enjoyed knowing my budget is well spent with the affordable programs that you offer. I have received many calls from your book."

*Kathleen Greco
Tillee's Flowers*

"We have been very pleased with the high number of calls we receive as a result of our representation in The Talking Phone Book. I was surprised and very pleased when the book came out and the calls started coming in."

*Joi Roberge
Roberge Construction*

"I advertise in all of your New Hampshire books and find that I continue to get calls from all over your distribution. I've found that your Laconia directory is working very well. Just last week I received 2 calls that turned into jobs from the Meredith area."

*Kevin Felder
Abacus Water & Air Systems*

"I was a new business and where I put my advertising dollars was very important. I felt The Talking Phone Book was the best option. The business I have generated with my ad more than paid for 2005s program and will easily cover the cost of a larger program in the 2006 book!"
