

Listen to What Our Advertisers Have to Say...

“Since I started advertising in The Talking Phone Book, my call volume has increased by more than 50%. With the increased revenue, I will be expanding my business to surrounding areas.”

~ Mark Rogers, Atlantic Overhead Door Company, Inc.

“We did not advertise with any of The Talking Phone Book directories last year. But we realized the need to do so after a diminishing of our phone calls. We were losing out on a large portion of the market by just having our phone number listed.”

~ Robert W. Elrod, Elrod & Elrod Attorneys & Counselors at Law

“We are able to get our restaurant’s name and a sample menu in front of 30,000 potential customers in the Fernandina Beach & Amelia Island area, for a price that doesn’t “break” our advertising budget. It’s a great investment for the price.”

~ Wei Chen, New China Buffet

“We were pleased that placing our marketing funds with your directory had been money well spent. We feel we receive more for our money. My wife formerly worked at the Chamber of Commerce. It was not uncommon to have someone call and specifically request your directory.”

~ Billy C. Pogue, Coastal Plumbing & Home Repair, Inc.

“I encourage anyone and everyone who advertises in the Jacksonville and Jacksonville Beach areas to also take advantage of the excellent prices and relative proximity of that untapped market.”

~ T J Jones, The Invitation

“I have seen my clientele go up since your directory has been in this community.”

~ Janet Courter, Step By Step Learning Center

“I was very pleased to see the prices that were presented to me, and not only the prices but the overall quality of the book.”

~ Dave Marston, Westbrook Paint and Body Shop
