

# TALKING PHONE BOOK® ADVERTISERS IN GREENVILLE HAVE MORE TO SAY!®

**“I am a first year advertiser in The Greenville Talking Phone Book. I can already tell that I am receiving more calls from my Talking Phone Book ad than I get from my ad in the Sprint directory. In addition, my Sprint ad costs twice as much and is only half the size of our Talking Phone Book ad.”**

*Jeff Merritt, Accountant  
Askew's Landscaping & Irrigation, Inc.  
Greenville, NC*

**“Since the book has been published we have received an increase in our business. When we ask our customers where they heard about us, they almost always say the blue book, which is The Talking Phone Book.”**

*Sincerely,  
Joe Kenny  
Security Solutions, Inc.  
Greenville, NC*

**“This is the only book that I advertise in, so I know this is where the customers are calling from. I always ask where they find us at and their response is ‘I saw your ad in The Talking Phone Book’. We even got a call from a lady from Philadelphia whose family lives here to buy medical supplies!”**

*Judy Tripp  
Four Points Home Medical and Edward's Pharmacy  
Greenville, NC*

**“As a result of advertising in the Talking Phone Book I find it cost effective and like the layout of the book. Compared to The Sprint Book, The Talking Phone Book has more coverage and is affordable. Our company expects this year to be very profitable.”**

*Sincerely,  
Danny Stancil  
Evans Street Design & Printing  
Greenville, NC*

**“Over 50% of our business comes from Directory Advertising. We would recommend this type of advertising to any new business that wants to reach the Greenville market area.”**

*Sincerely,  
Peggy James
